Crockett Facilities Services' President Selected as Smart100 by *Baltimore SmartCEO* magazine

BOWIE, MD (August 8, 2011) — [Crockett Facilities Services, Inc. \(CFSI\)](#), a leading provider of building operations and maintenance, mechanical contracting and HVAC services to government and commercial clients, today announced that its president, Cynthia Crockett, has been named on the highly anticipated roster of [Baltimore SmartCEO](#) magazine's 2011 Smart100, issued in August. The Smart100 is an exclusive, elite collection of 100 CEOs who are chosen by an independent selection committee based on their leadership, strategic vision and character, rather than by the growth of their organizations.

As a Smart100 member, Cynthia Crockett will be profiled in the fall Smart100 book, SmartCEO's 13th issue, which is a resource guide for business leaders seeking inspiration from local successful CEOs.

"We have built lasting relationships with our government and commercial property management companies by embracing our core values of reliability, integrity, safety and service," said Cynthia Crockett. "It is rewarding to be recognized for our beliefs that we uphold every day."

The Smart100 companies represent a range of industries including catering services, information technology consulting, travel services, transportation, personal care, government contracting and software development. Each company boasts revenues of at least \$5 million.

"SmartCEO is proud to be the only company producing a publication of this magnitude that features such a high-caliber and charismatic group of CEOs. The 2011 Smart100 showcases the best of the best: 100 CEOs with incredible business minds who have grown their companies to unrivaled levels of success in Greater Baltimore," says Craig Burris, President of SmartCEO.
