Crockett Facilities Services Wins Two Maryland Awards

2014 Maryland Business Breakthrough Award and Bowie Entrepreneurs of the Year

BOWIE, MD (June 16, 2014) — [Crockett Facilities Services, Inc. \(CFSI\)](#), a leading provider of integrated facilities services, mechanical contracting and heating and air conditioning (HVAC) services to commercial and government clients, today announced that it was selected for two Maryland awards. The company received the 2014 Maryland Business Breakthrough Award from the Maryland Chamber of Commerce. Crockett Facilities Services was selected in the 200+ employees' category. This year's winners were announced at a May 29 luncheon at Ripken Stadium in Aberdeen, MD. In addition, Cynthia and Mark Crockett, president and vice president of Crockett Facilities Services, were chosen as Entrepreneurs of the Year for the city of Bowie, MD, at the May 14 Seventh Annual Business Recognition Awards event.

The Maryland Business Breakthrough Awards are presented based on company size, growth and innovation, competitiveness in the market and contributions to the community. The Entrepreneur of the Year Award recognizes and celebrates those Bowie businesses who demonstrate outstanding leadership and tenacity in managing all facets of business and providing outstanding services.

"We are honored to have been selected by these two local Maryland organizations for 2014 awards that recognize our innovation, excellent services and our accomplishments. We credit long-term planning and our exceptional team for our growth," said Cynthia Crockett, president of Crockett Facilities Services, Inc.

About Crockett Facilities Services, Inc.

Crockett Facilities Services, Inc. (CFSI), a woman-owned mechanical contractor, delivers integrated facilities services, building operations and maintenance, mechanical contracting, and heating and air conditioning services to commercial and government clients. CFSI's preventive maintenance programs, encompassing mechanical, electrical, energy management and HVAC services, help business owners, property managers and data center /IT managers to reduce energy costs, extend equipment life, maintain tenant comfort and decrease downtime.
